

# Adding the In Progress Gadget

The **Issues in Progress** gadget displays all issues that are currently in progress and assigned to you.

## What does it look like?

The **Issues in Progress** gadget should appear as follows on the dashboard:

Issues in progress			
T	Key	Summary	Pr
	DEMO-5	DEMO-3 Teach dove to fly	↑
	TEST-16	test logging work in fractional hours	↓

Displaying issues 1 to 2 of [2 matching issues](#).

## Adding the 'Issues in Progress' gadget to your Dashboard

1. Go to your JIRA [dashboard](#) and click 'Add Gadget'.
2. The 'Gadget Directory' will appear. Locate the '**Issues in Progress**' gadget and click the 'Add it Now' button. Then click the 'Finished' button at the bottom of the Gadget Directory.
3. The Issues in Progress gadget will appear on your dashboard as follows, ready for you to configure:

### Issues in progress

Number of Results:   
Number of results to display (maximum of 50).

Columns to display:   
Affects Version/s  
Assignee  
Author  
Default columns: Issue Type, Key, Summary, Priority

Refresh Interval:   
How often you would like this gadget to update

- a. '**Number of Results**' — type the maximum number of issues that you want the gadget to display per page.
- b. '**Columns to display**' — select the column(s) that you want the gadget to display, or choose '**Default Columns**' to display Issue Type, Key and Summary.
- c. '**Refresh Interval**' — select how often you want the gadget to update the displayed activity (never / every 15 minutes / every 30 minutes / every hour / every two hours).

4. Click the '**Save**' button.

To move the gadget to a different position on the dashboard, simply drag-and-drop. You can also [change the look and behaviour](#) of the gadget.
